NASSAU COAL YARD,

FOOT of Adams street. The subscriber has the pleasure to inform the citizens of Brooklyn, that he is now daily receiving that SUPERIOR article of fuel, the PEACH ORCHARD COAL, from the NORTH AMERICAN COAL COMPANY, warranted equal if not superior to any Anthracite Coal brought to this market for domestic or steam use. The Mine being older and deeper than any other on SPRON'S TRACT, gives it a decided preference. Every care and attention will be paid in sending it to customers perfectly clean and free from all impurities.

Sold only in Brooklyn by N. BLASDELL.

Orders left at Conover & Barkaloo's, Fulton street, Blagrove & Powers', corner of Fulton and Sands street, G. C. Childs' store, corner of Pearl and Nassau streets, Mackay's Exchange Office, Front street, G. C. Thurston, Steamboat Hotel, corner of Water and Fulton streets, will be punctually attended to.

CERTIFICATES OF CONSUMERS.

We certify, that we are now using from a cargo of Coal denominated PEACH ORCHARD, which we purchased of Mr. N. BLASDELL, and find it superior to any other Anthracite Coal, that we have used for our steam engine. Its properties are a quick ignition, strong heat and blaze, and less slate and other impurities than we have ever found in the different qualities of Anthracite Coal that we have made use of, and we consider the economy equal to 15 per cent in its favor, over all others.

(Signed) MESSEREAU & BREATH,
Brooklyn Marine Railway.

The Brooklyn White Lead Company are now using, at their Works and in their Families, Schuylkill Coal, furnished by Mr. N. Blasdell, which proves to be first quality, and they cheerfully recommend it, both for manufacturing and domestic purposes.

(Signed) G. S. HOWLAND.

This will certify, that the Coal bought at the NASSAU COAL YARD, from Mr. N. Blasdell, I consider superior for steam purposes, to any Schuylkill, Lackawanna, or Lehigh, that I have ever used, it being easily ignited, and burns with a free blaze, and has less impurities. Having constantly used it for our own Steam Mill, I can give it the strongest recommendation.

(Signed) WILLIAM HOPKINS.
Engineer of the Steam Saw Mill.

I have tried the Peach Orchard Coal, bought of Mr. N. Blasdell, both under my steam engine, and in my own and other families, connected with my establishment, and have found it more pure and a better article than I have tried, and consider while using it a saving of 15 per cent, besides the pleasure of a handsome fire.

(Signed) WM. G. MORTON.

Other Certificates, together with these originals, may be seen at the office. June, 1837.

MILITARY GARDEN.

THIS truly delightful garden and promenade is now open for the season. Since last summer it has undergone a great number of costly and splendid improvements, and been fitted up in a style of elegance and neatness heretofore unknown in this city. The attention of the public is, therefore, most respectfully called to this establishment, and they are invited to call and pay the same a visit as often as convenient. No boys, (unless accompanied by their parents or friends) or any improper person of any kind, will be permitted to visit this garden; and with the view of carrying this regulation into effect, officers will be employed during the season, to prevent such an occurrence; so that the most fastidious females and persons of the most delicate sensibility, need have no fear of visiting this place. Smoking will not be permitted in the paths and walks. Every Thursday evening, the garden will be splendidly illuminated with a great number of transparencies and an innumerable number of variegated lamps; and at such times, a band of music will be provided for the occasion. Ice Cream and every other kind of refreshments, will always be furnished in abundance, and a sufficient number of waiters constantly in attendance, to carry the same to any part of the garden where desired.

THE TEETH.

W. K. NORTHALL, Surgeon Dentist, 56 Fulton street, respectfully informs the inhabitants of Brooklyn and Long Island, that he is prepared at all times to accommodate those who wish to supply the loss of natural teeth with artificial ones, with Premium Incorruptible Teeth of the very best quality, and of every variety of shade. The durability, cleanliness, and natural appearance of the silicious teeth, renders them preeminently superior to all other kinds. Mr. N. inserts teeth from one to entire set, upon the best principles of Dental mechanism, which render them available for all the purposes of articulation and mastication.

DENTAL SURGERY.—Cavities in the teeth filled with Cement, Gold or Silver, as the circumstances of the case may require. The teeth when loosened by tartar, disease, or mercury, may by a proper course of treatment, be in almost every case restored to their pristine firmness. Irregularities in children's teeth, may in most instances be obviated by well directed aid—such cases particularly attended to. Mr. N. begs to bresent the following certificate for the guidance of those who may wish to employ him professionally :—

"We, the undersigned, having had opportunities of judging of Dr. Northall's abilities as a Dentist, cheerfully subscribe our names in evidence of our opinion of his skill as an operator on the teeth, and recommend him to the public as one in whom every confidence may be placed, in the practice of the various branches of his profession.

Evan M. Johnson, Rector St. John's Church.
B. C. Cutler, Rector of St. Ann's Church.
S. A. Willoughby, President, Brooklyn Bank.
D. Embury, Esq. Cashier L. I. Bank.

ABSTRACT OF CITY CHARTER.

The Act Incorporating the City of Brooklyn,
Passed April 8, 1834.

Title.—The Mayor and Common Council of the city of Brooklyn.

Wards.—The city comprises nine wards, of which, the former five districts of the village constitute the first five, and four new wards are erected.

WARD BOUNDARIES.

The First Ward—Is between Hicks-street and the East River, and between Fulton-street and the west village line.

The Second Ward—Is between Fulton and Bridge-streets, and between Sands-street and the East River.

The Third Ward—Is between Fulton and District-streets, and between Hicks-street and Red-hook lane.

The Fourth Ward—Is between Fulton and Bridge-streets, and between Sands-st. and south village line.

The Fifth Ward—Is between Bridge-street, the Navy Yard and the Wallabout meadows, the East River and the south village line.

The sixth, seventh, eighth and ninth wards as per charter.

CITY ELECTION AND OFFICERS.

The Annual Election for city officers, takes place hereafter on the the second Tuesday in April.

The polls are held in each of the wards, at places designated by the Common Council.

Officers Elected.—At the annual election, two aldermen and one constable are elected in each of the wards. Beside these, there is a general ticket for the first seven wards, of five supervisors, four assessors, two collectors, three overseers of the poor, three commissioners of common schools and three inspectors of common schools. One of the candidates for each of the last mentioned offices, *must be taken* from the eighth and ninth wards.

The eighth and ninth wards, elect, besides their aldermen and constable, one supervisor, one assessor, one collector, three overseers of highways, and jointly with all

the other wards, three overseers of the poor, three commissioners of common schools and three inspectors of common schools.

These officers, after 1834, enter upon their duties on the first day of May, and their term of office expires on the last day of April.

The common council, after 1834, on the first Monday of May, shall meet to appoint a Mayor, and various other officers, such as weighers measurers, guagers, etc.

The common council also may appoint a clerk, treasurer, attorney and counsellor, a street commissioner, a clerk for each market, a city collector, and a number of marshals not exceeding seven.

MISCELLANEOUS PROVISIONS.

The common council shall publish every year a statement of the financial concers of the city, at least ten days before the annual election.

The mayor shall possess, and may exercise in the courts of Oyer and Terminer and general sessions of the peace in the county of Kings, the same powers as are by law exercised by either of the judges of the county courts.

The first seven wards shall constitute a fire and watch district.

The supervisors of the city and common council, shall meet together annually on the first Monday of May. The board thus formed shall then determine what sum, in addition to that which may be directed by the general board of supervisors of the county of Kings, to be raised to defray county charges, is necessary to be raised by tax for the various public purposes of said city—the sum so fixed not to exceed ten thousand dollars, unless the excess be authorized by a special act of the legislature, except that they may add to the amount they may determine to raise, such further sum as may be necessary for the fire department, engines, engine-houses, implements, etc.

The expense of the fire and watch districts, shall be borne by the first seven wards.

The aldermen of the first seven wards shall be fence

viewers for those wards—the commissioners of highways for the residue of the city.

The members of the common council shall be fire wardens, and the common council may appoint other fire wardens.

The common council of the city, or such of their number in conjunction with the mayor, as they may designate for that purpose, shall be commissioners of excise for the city, and as such, may grant licenses to tavern keepers and grocers, to sell liquors and wines in the cases and manner prescribed in the Revised Statutes of this state.

The common council may pass ordinances to regulate ordinaries, victualling and oyster houses, or cellars, and places where porter, ale, or strong beer, currant wine, cider, cherry wine, and metheglin, or any of them may be drank, and to require the same to be licensed.

Any person practising physic in the city, who shall have any patient laboring under a malignant fever, or cholera, or any pestilential or infectious disease, shall forthwith make report of the same, signed by the said physician to some one of the board of health.

All persons sick of any pestilential disease, may be removed to the City Hospital, or any other convenient place.

Vessels lying at or near the wharves of the city, containing a quantity of gun powder, considered dangerous in the opinion of the mayor and any two aldermen, may be directed to remove to a distance not exceeding three hundred yards from the wharf or shore; and in case the master or person having charge of such vessel shall refuse to obey, he shall incur a fine of 500 dollars.

The common council may prescribe and fix certain limits in the city, within which it shall not be lawful to carry on any noxious or offensive trades, manufactories, or establishments.

The justices of the municipal court shall have all the powers, in criminal proceedings, of justices elected in the several towns in this state.

The Common Council shall have power to call meet-

ings of the freeholders, by giving eight days previous notice, at which meeting it shall be lawful for the taxable inhabitants to direct a sum of money to be raised, for purchasing a lot or lots of land, and for erecting thereon any public buildings which may be required for the city.
